English Language Proficiency Assessments for California (ELPAC) Certification

Those who administer the ELPAC must first participate in a detailed certification process. The process allows participants to review new content, discuss expectations and calibrate scores as they relate to a variety of student responses. Participants will certify for ELPAC grades K-12

ELPAC

Every district is required to administer the Initial ELPAC to qualifying NEW students. The Annual ELPAC assessment will take place in the spring of 2020.
